FOR ORDERS OR INQUIRIES CALL 1.800.558.6012 OR EMAIL [HPTORDERS@LIFTRITE.COM](mailto:HPTORDERS@LIFTRITE.COM)

### ERGONOMIC:

Enhanced operator comfort with a long, ergonomically designed tiller and easily accessible controls for left- and right-handed users.

Greater control in tight areas with superior maneuverability at slow speeds with the tiller upright against the truck.

### SERVICEABILITY:

Greater uptime with quick, easy, tool-free access to internal components.

Easy lifting and servicing with convenient built-in hoist hooks.

### AFFORDABLE:

Greater application flexibility with the perfect combination of high capacity and low cost.

Economical ongoing operation with low maintenance requirements and costs.

### EFFICIENT:

Superior efficiency with a lift/lower cutout that prevents lifting on a low battery so the unit can be moved to a charging station.

Faster, more convenient charging with an easily accessible, always available, self-storing charging cord.

Easy startup and controlled user access with simple on/off key switch.

Battery discharge Indicator with lift interrupt prevents over-discharging of the battery to protect electrical components.

All controls - lift/lower, travel, and horn-accessible from either side of the handle for left- or right-handed operators.

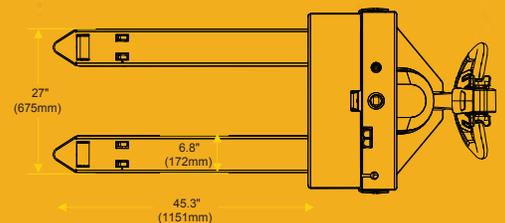

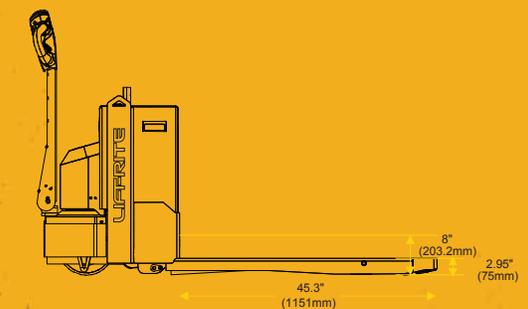

Onboard charger makes it easy and convenient to charge the truck so it's ready when you are.

### SPECIFICATIONS:
