

A black and white photograph of a warehouse worker, a woman with her hair in a ponytail, using a lift platform to handle boxes. She is standing on the platform, which is raised to a height where she can reach a box on a pallet. The background shows various warehouse equipment, including pallets and shelving units. The scene is brightly lit, highlighting the worker and the equipment.

***ELEVATED  
WORK PLATFORMS***

**LIFT SMART. LIFT EASY. LIFT-RITE.**

#### ABOUT US

You put your heart and soul into your business. To keep moving forward, your equipment needs to be just as hardworking as you. Otherwise, your workflow stops. With Lift-Rite, you'll have one less thing to worry about. Because we provide durable, versatile and comfortable trucks to keep you moving forward.

#### MISSION STATEMENT

To be recognized in the marketplace as a leader providing quality, reliability, and dependability to all Lift-Rite customers.

***RISING TO THE  
OCCASION IN EVERY  
APPLICATION.***

Sprint brings a fast, efficient, drivable solution for virtually any application - whether you're stocking shelves, picking orders, or changing lightbulbs, enabling operators to move efficiently between locations and to perform elevated tasks (up to 17.6') more quickly, simply, and securely.

***MOBILE  
PLATFORMS  
THAT ARE UP  
TO ANY  
CHALLENGE***

The SpinGo push-around brings both flexibility and reliability to a wide range of activities and applications, enabling operators to move freely and easily between locations and to perform elevated tasks (up to 13.5') more quickly, simply, and securely.

# SPINGO

The SpinGo push-around vertical platform is the space-saving, time saving alternative to unwieldy ladders, step stools, and podiums.

#### IDEAL FOR:

LIGHT DISTRIBUTION  
RETAIL  
CLEANING/MAINTENANCE  
GROCERY

#### CONTINUOUS RUN TIME:

UP TO 11 HOURS

INFINITE USES. ZERO EMISSIONS. 

## AN UPLIFTING EXPERIENCE FOR OPERATORS.

- » Enhanced visibility with clear, 360° sightlines.
- » Flexible onboard movement with a manually adjustable cargo shelf.
- » Secure, stable operation at height with automatic brake locking when stationary.
- » Improved ergonomics with minimized reaching and lifting.
- » Easy platform access with dual swing gates and a low entry/exit step height.
- » Superior balance and security with both feet on a flat, stable surface, increasing operator stability while performing daily tasks.

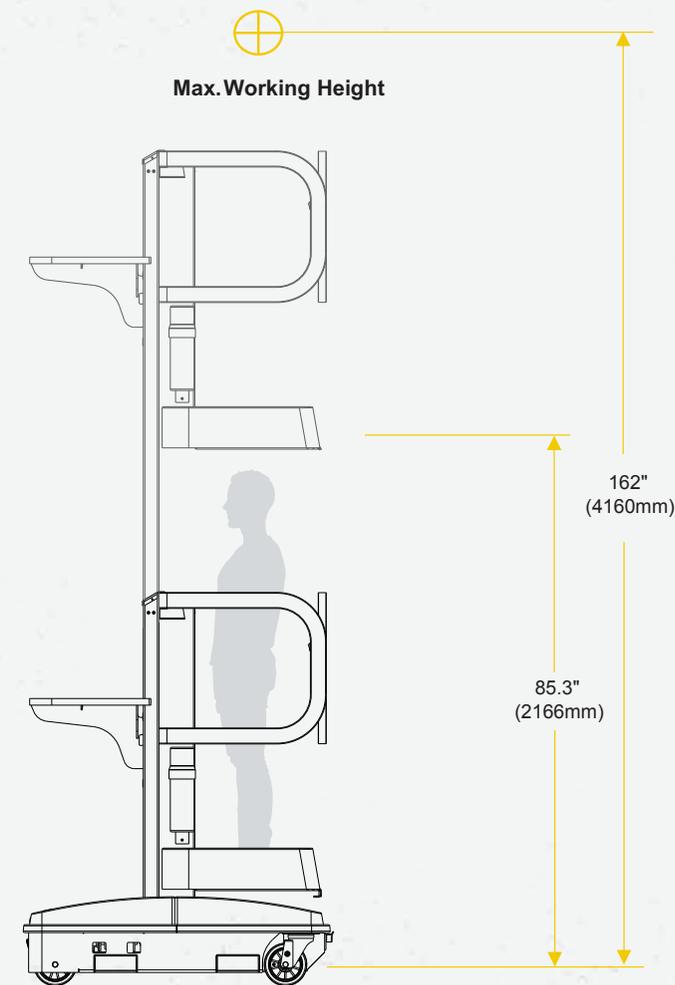

## GREATER EFFICIENCY IS WITHIN REACH.

If the job is above floor level, nothing rises to the occasion like SpinGo. Perform tasks more quickly and efficiently with a platform that lets operators:

- » Quickly reach desired heights at the touch of a button for enhanced picking times.
- » Secure multiple loads during transit with two separate storage areas (load deck and load tray).
- » Get longer use out of every battery charge with consumption only in lift/lower mode.
- » Move freely and easily between locations—through narrow and congested aisles, standard doorways, and elevators—with a compact, streamlined design and tight turning radius.
- » Secure access helps to prevent unauthorized usage with a required key.

## SPINGO FEATURES

- » Ground Control w/ Operator Switch Key
- » Load Deck
- » Adjustable Load Tray (Manual Height Adjust)
- » Button Release Brakes
- » Emergency Lower
- » Maintenance Free Mast
- » Low Maintenance Electrical
- » Easy Push/Pull
- » Flashers & Horn activate when traveling or Mast is in motion
- » Foot Switch
- » Pedal Lever
- » On Board Charger

## PRODUCT SPECIFICATIONS

<b>OCCUPANTS</b>	1
<b>LOAD CAPACITY</b>	
OPERATOR COMPARTMENT CAPACITY (A)	286 lbs. (130kg)
TRAY CAPACITY (B)	198 lbs. (90kg)
DECK CAPACITY (C)	198 lbs. (90kg)
<b>MACHINE GROSS WEIGHT (NO LOAD)</b>	728 lbs. (330kg)
<b>BATTERIES (QTY 1)</b>	12V

# SPRINT

The Lift-Rite Sprint offers a more efficient and productive alternative to bulky rolling ladders in a variety of environments and applications.

#### IDEAL FOR:

ORDER PICKING  
STOCK REPLENISHMENT  
FACILITY CLEANING  
FACILITY MAINTENANCE

#### CONTINUOUS RUN TIME:

UP TO 9 HOURS

INFINITE USES. ZERO EMISSIONS. 

## A DRIVABLE ELEVATED EXPERIENCE FOR OPERATORS.

- » Enhanced visibility with clear, 360° sightlines.
- » Flexible onboard movement with an electrically adjustable cargo shelf.
- » Secure, stable operation at height with automatic brake locking when stationary.
- » Improved ergonomics with minimized reaching and lifting.
- » Easy platform access with dual swing gates and a low entry/exit step height.
- » Superior balance and security with both feet on a flat, stable surface, increasing operator stability while performing daily tasks.

## ***GREATER EFFICIENCY IS WITHIN REACH.***

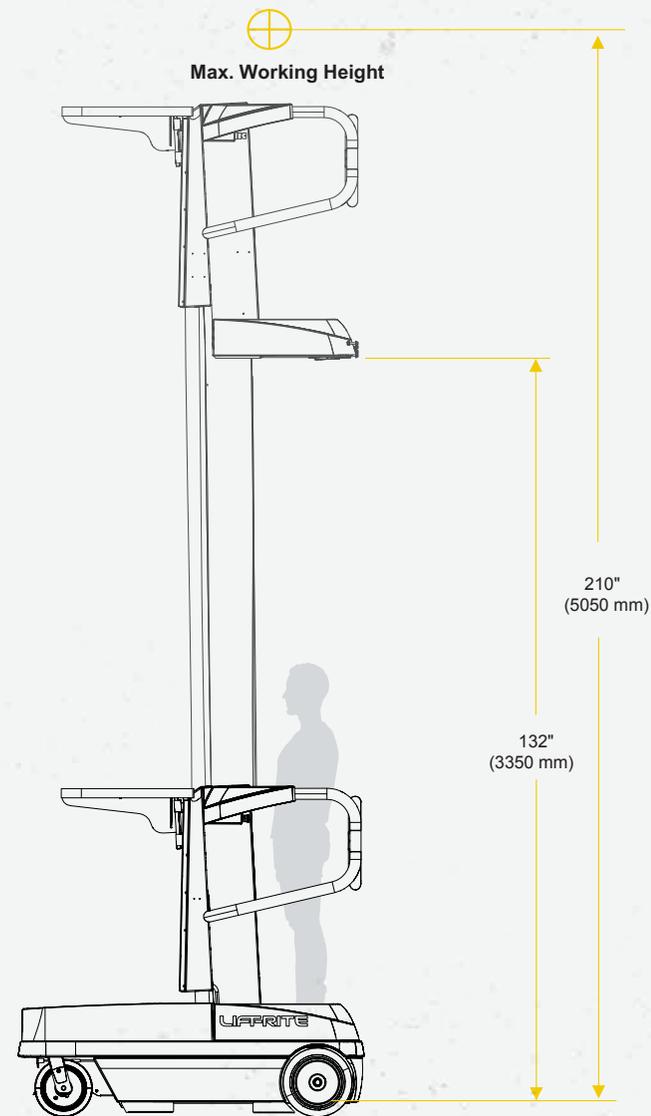

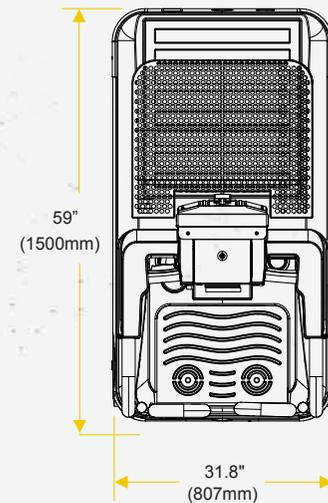

If multiple jobs are above floor level, nothing rises to the occasion like Sprint. Perform tasks more quickly and efficiently with an elevated drivable platform that lets operators:

- » Lift and lower the platform at the touch of a button.
- » Travel between tasks with the platform elevated.
- » Run for up to 9 hours on a single battery charge.
- » Maneuver easily with a compact design and zero turn radius.
- » Quickly charge with a standard 110V wall plug.
- » Easily access the battery and other components with snap-in-place covers.
- » Prevent unauthorized usage with key-activated operation.

## SPRINT FEATURES

- › Key operation
- › Dual sensor pedals and handles activate driving, lifting and lowering
- › Load Deck
- › Adjustable Load Tray (Powered Height Adjust)
- › Maintenance Free Mast
- › Low Maintenance Electrical
- › Flashers & Horn Activate when Sprint is traveling or mast is in motion
- › On Board Charger
- › Ground Control with 3 Position Switch

## PRODUCT SPECIFICATIONS

<b>OCCUPANTS</b>	1
<b>LOAD CAPACITY</b>	
OPERATOR COMPARTMENT CAPACITY (A)	286 lbs. (130kg)
TRAY CAPACITY (B)	198 lbs. (90kg)
DECK CAPACITY (C)	249 lbs. (113kg)
<b>MACHINE GROSS WEIGHT (NO LOAD)</b>	1488 lbs. (675kg)
<b>BATTERIES (QTY 4)</b>	24V
<b>TRAVEL SPEED LOWERED</b>	3.1mph

## ***A BETTER SOLUTION FOR EVERYDAY UPS AND DOWNS***

Horizontal travel. Vertical lift. Economical operation. Take advantage of all three with the versatile SpinGo and Sprint and add a whole new level of speed, simplicity, and efficiency to a wide array of tasks in your facility.

## ***RAISING THE BAR IN SERVICEABILITY***

Durable yet simply designed, SpinGo and Sprint offer both rugged, reliable performance and quick, easy maintenance. Engineered with quality components and materials, the platforms offer sturdy operation with an array of features that simplify upkeep and optimize uptime:

- » Quick, easy access to all components—including the battery—during scheduled maintenance through snap-in-place covers.
- » Minimized battery maintenance and lower replacement costs with SpinGo's single battery power source or Sprint's four-battery pack.
- » Low maintenance, 3-stage mast featuring a hydraulic cylinder lift system—no chains, wearable parts, or greasing.
- » Simple, convenient charging using a standard 110V wall plug.
