

SPRINT

ELEVATED DRIVABLE WORK PLATFORM

PUT YOUR LADDERS AWAY. FOREVER.

With a compact design, easy maneuverability, electronic lift mechanism and driving capabilities, the Lift-Rite Sprint offers a more efficient and productive alternative to bulky rolling ladders in a variety of environments and applications.

Work quickly. The Sprint is ready to move in seconds. The operator turns on the Sprint and drives to their work location and then elevates once the operator arrives. Simple push buttons adjust the tray while the operator is on board.

ELEVATED DRIVABLE WORK PLATFORM

FOR ORDERS OR INQUIRIES CALL 1.800.558.6012 OR EMAIL HPTORDERS@LIFTRITE.COM

RAISING PRODUCTIVITY. LOWERING COSTS.

Whether you're stocking shelves, picking orders, or changing lightbulbs, the Lift-Rite Sprint offers a fast, efficient, drivable solution for virtually any application.

GET MORE DONE, MORE QUICKLY AND EASILY

- » Lift and lower the platform at the touch of a button.
- » Run for up to 9 hours on a single battery charge.
- » Maneuver easily with a compact design and zero turn radius.
- » Avoid the stress and strain of moving bulky ladders.
- » Quickly charge with a standard 110V wall plug.
- » Easily access the battery and other components with snap-in-place covers.
- » Prevent unauthorized usage with key-activated operation.

IDEAL APPLICATIONS

- » Order Picking
- » Stock Replenishment
- » Facility Cleaning
- » Facility Maintenance

Maintenance-free hydraulic mast features no chains or wearable parts and requires no greasing.

A stable operating position for lifting and lowering to enhance confidence and efficiency.

Powered materials tray comes standard and can easily be raised or lowered at the touch of a button.

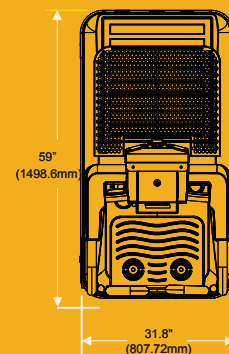

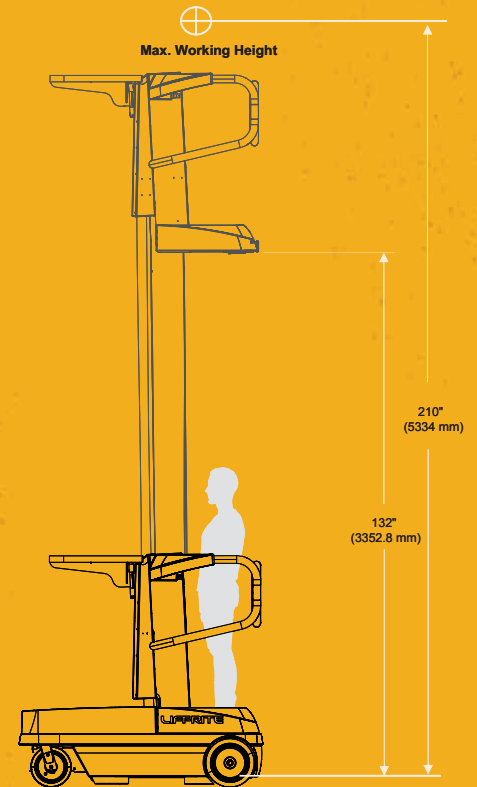

Reinforced cover provides additional durability for heavy loads.

Due to continuous product improvement, specifications are subject to change without notice or obligation. Some systems and features shown are optional at extra cost. Lift-Rite is a U.S. trademark of Lift-Rite.
